Declaration concerning the REACH provisions

To whom it may concern

We are aware of the EU directive EG (Nr.) 1907/2006 for Registration, Evaluation, Authorization & restriction of Chemicals (REACH). We are fully committed to complying with the scope of this directive. In the sense of REACH Welser is a downstream operator. Our profiles are products and are not subject to registration because the substances used are not changed during processing. If substances classified as hazardous are used in the production process, this information is provided in the form of safety data sheets. Our products supplied to you, do not contain any of the substances published on the recent Candidate list for Substances of Very High Concern (SVHC) according to article 59 paragraph 10. The current candidate list is published on the following ECHA webpage https://echa.europa.eu/candidate-list-table extendet to 253 substances on February 4th 2026.

Any further queries can be dealt with by Mr. Roland Hudl (r.hudl@welser.com) concerning Austria and Mr. Markus Kepp (m.kepp@welser.com) for Germany and Switzerland.

Yours faithfully
